1. According to Ricardo Castellote, prominent Spanish Communist in Mexico, plans of the Federacion de Organismos de Ayuda a la Republica Espanola (FOARE) for its convention, scheduled for Mexico City from 26 to 29 November, are receiving the cooperation of several government officials. Among them he mentioned Fernando Casas Aleman, Governor of the Federal District, Andres Serra Rojas, Minister of Labor and Social Welfare, and Hector Perez Martinez, Minister of the Interior.
2. Castellote disclosed that Vicente Lombardo Toledano has accepted an invitation to address the Convention at its final session on 29 November.
3. FOARE hopes that members of the various delegations to the UNESCO meetings will attend some of the sessions.
4. FOARE is attempting to get endorsements from prominent international figures, which it intends to publish as soon as enough are received. The most important ones to date are a letter from Harold Ickes, former Secretary of the Interior of the United States, and a strong denunciation of the Franco regime by the well-known Cuban jurist, Dr. Domingo Villamil.
